

MOBILITY **MADE**

Easy

Convaid

Convaid enriches the lives of special needs families by providing best-in-class, easy-to-use, convenient and attractive mobility products for all stages of a young person's life—from infancy to young adulthood.

MOBILITY MADE *for Families*

At Convaid, we are dedicated to helping families of special needs youth enjoy their freedom and lead full, active lives. We understand that families and caregivers need a wheelchair that is lightweight, convenient and easy to handle, while also colorful and contemporary in style. Our products are designed to provide the optimal comfort, safety and mobility for your child, and the optimal flexibility for your family. So you can really go places.

MOBILITY MADE *To Order*

Convoid maintains no standing inventory of wheelchairs. Each of our products is individually assembled to order just for you. We partner with dealers, therapists and caregivers to customize each wheelchair to meet each individual's physical needs. What's more, we can deliver on your order quickly, typically within three to seven business days, so you are not left waiting for the wheelchair that's just right.

MOBILITY MADE *To Last*

Convoid mobility products are, quite simply, best in class. We subject them to rigorous performance and safety testing, including crash, drop, and bumpy road testing, that goes far beyond industry standards and FDA requirements. Convoid products are skillfully engineered to deliver years of mobility and comfort. And each is backed by an unconditional lifetime warranty.

MOBILITY MADE *Affordable*

Even though Convoid products are customized, they cost less than you might expect – just a little more than a standard wheelchair, but with a big difference in performance, durability and value. It's no surprise that every year tens of thousands of families choose Convoid for their children's mobility needs.

MOBILITY MADE *in the U.S.A.*

All Convoid mobility products are built with pride in our manufacturing facility in Torrance, California. Our people are passionate about their craft and about making life better for young people and their families. A trained customer service team is on call to answer your questions and help you get the most value from your Convoid product.

CONVAID IN THE *Community*

Convaid is a steadfast advocate for special needs families and contributes to vital organizations and causes. Through our Community Outreach Program, we have donated wheelchairs to families that could not get insurance or state funding.

As a company dedicated to improving the lives of special needs families, we believe it is our responsibility to raise awareness of funding, ADA compliance and safety issues. Our website and social media presence provide a forum for special needs families and groups to share their experiences, viewpoints and ideas.

BEST IN CLASS

Convaid mobility products are engineered for superior performance and safety. Our rigorous internal testing far exceeds industry standards and FDA requirements. Every product is backed by an unconditional lifetime warranty.

CUSTOMIZED

Each wheelchair is individually assembled to order. We partner with dealers, therapists and caregivers to customize each wheelchair to meet one young person's individual physical needs.

COMPASSIONATE

Convaid is dedicated to helping special needs families reclaim their freedom. We understand that families and caregivers need a wheelchair that is lightweight, convenient and easy to handle, colorful and contemporary in style.
